## **Madison-Buncombe Regional Hazard Mitigation Plan Update**

### **Public Survey**

Madison and Buncombe counties are working together to update their Regional Hazard Mitigation Plan and the Town of Mars Hill is participating in this important process.

Natural disasters in our area are inevitably going to occur. The purpose of this plan is to identify and assess our community's natural hazard risks and determine strategies to minimize our vulnerability and manage those risks when disaster strikes. Public input and support are essential parts of this planning process. In order to develop the most effective and beneficial plan possible, we need your input. Please take a few minutes to complete this online community survey to share your thoughts and opinions.
